SUMMER Social

Food, games, bar, music..

FRIDAY
7 July
6-8pm

Tickets are £2 per person
available to buy on Parent
Gateway or on arrival

Kidz Club

In Kids Club this week, some children created food using natural materials sourced from the playground! They actually looked good enough to eat!!

Reception

This week, we had a great time at forest school; Rohan showed us how to make tree spirits using clay and we decorated them with twigs, leaves and flowers.

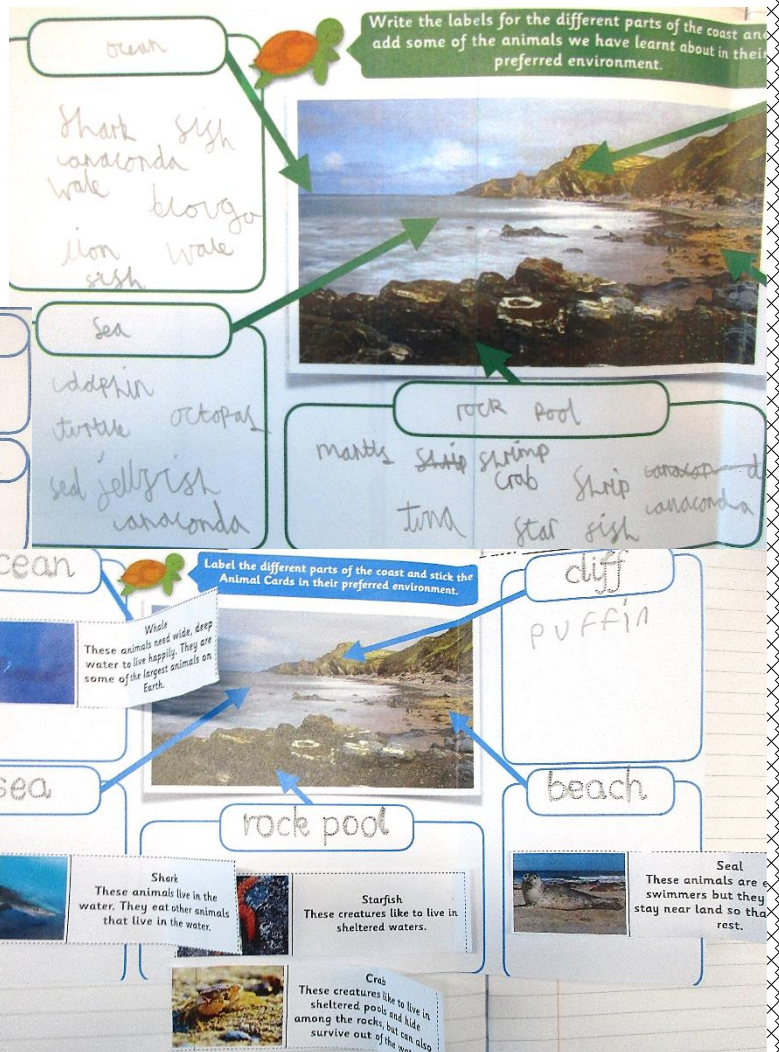

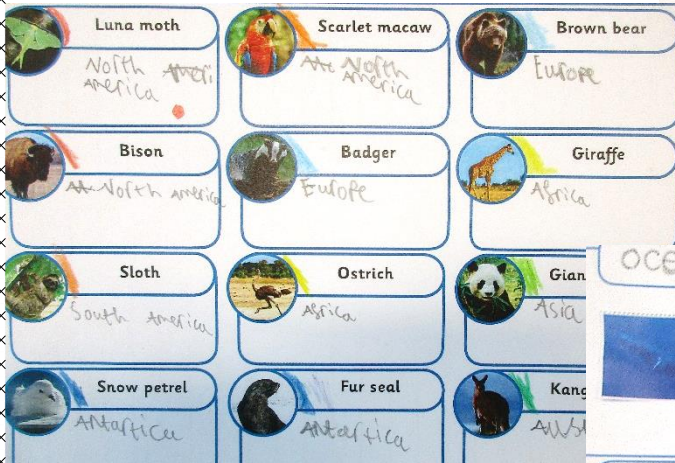

Year 1

In Year 1 this week, we have been learning how to make collages- we made snails to celebrate our English text of 'The Snail and The Whale!' In maths, we are continuing our Place value to 100 unit and starting to look at adding and subtracting to 20. We also want to share some photos of our DT project that we recently completed- we made free-standing structures. We used joint and hinge techniques that we learned to make our buildings strong. We also studied other structures around the world to see what works best. Here are some photos from our building day!

Year 2

In Year 2, we have started our new Geography topic, Animals around the world. We used maps and atlases to identify which continents different animals could be found on and explored the marine environments that they prefer.

Year 3

This term, Year 3 have been learning how to play badminton and tennis. We have really enjoyed learning how to rally, serve and improve our racket skills. We are so excited to continue our learning this term.

Year 4

In Year 4, we have been playing dodgeball in PE. We are getting better at our throwing skills as well as working in a team.

Year 5

Year 5 published their own novels inspired by Cosmic. This week, they read their stories to Year 1 at our (rainy) teddy bear picnic.

Year 6

Year 6 completed their final SATs paper today! The papers were challenging, but the children showed great resilience and determination, we are so proud of them all. Although the weather wasn't on our side this afternoon in order to have our fun games afternoon in the park, we relaxed in the classroom with a movie, popcorn and yummy cupcakes; courtesy of Mrs Hodgson.

2-PART CHILD ANXIETY

WORKSHOP

This 2-part workshop will explore anxiety and tips for supporting anxious children. The workshop is aimed at parents and carers of children aged 5 - 11.

The first part of the workshop explains how anxiety presents in children, and the different factors that lead to the development of anxiety in children.

In part two, we will encourage parents to think about strategies they can use to manage anxiety and build their child's confidence.

PART 1: 15.05.2023

PART 2 22.05.2023

FREE REGISTRATION

At 9:30- 11:00AM

Online on MS Teams
