Thursday 20th June 2019

Dear Parents/Carers,

Bikeability

Our Bikeability training is upon us! Next week, the first groups of the class will take part in the Level 2 Cycle Training. The class is split in to four groups, with one group completing their training every morning or afternoon of their week. Please see the chart below to see when your child will participate.

A few pointers regarding the course:

- The training is for children who can already ride bicycles. Each group will complete the first day of training on Monday in the school playground and during this session, the instructors will be assessing their skills.
If your child's ability on a bicycle is not deemed safe enough to ride on public roads, they will continue with the beginner course for the rest of the week. I have explained this to the class.
- The sessions will go ahead rain or shine so please ensure children bring an appropriate waterproof if necessary! If it looks like it will be sunny, please make sure your child has sunscreen on before they come to school.
- The instructors will bring extra helmets in case anybody does not have one.
- Your child needs to bring their bicycle (if applicable) to and from school every day that they are completing their training. Bikes may not be left at school overnight unless organised in advance.
- When bringing bikes to school, please arrive earlier than normal (around 8.40am) and bring them to the shelter in the main playground, where I will be until 8.50am. Please bring a bicycle lock if you have one.
- If your child does not attend school on any day during their training, they will not pass the course.

Yours sincerely,

Mr Tom Lloyd
